Week before or during testing

**Materials:**  
Gift bags, candy, coupons, anything to help students during this time.

**Cost:**  
\$2-5 per bag

Submitted by Lee County Schools, FL

### OVERVIEW

Students can sell "Test Care Packages" during lunch to any student that wants to give a little motivation to a friend during busy testing times of the year, and it is a great fundraiser for your Renaissance program!

### INSTRUCTIONS

1. Gather a group of students to organize and sell care packages
2. Pick & purchase items to go inside - pencils, tissues, chocolates, mints, energy bars, inspirational messages, etc.
3. Stuff care packages
4. Reserve a table in the lunch room a few days before testing
5. Decide how much to charge for each bag - enough to cover costs and generate a profit, especially if using this as a fundraiser!
6. Get a cash box with change
7. Sell them! Make posters or invite students to purchase them
8. Have students help sort the bags by homeroom and deliver the next day

### ADDITIONAL OPPORTUNITIES:

- Ask your PTO to sponsor some care packages for a class that meets some kind of goal, or invite parents to purchase for their kids!
